“What we really need is climate in all policies in a way similar to we’re seeing in the Biden Administration, where climate is part of transportation, it’s part of economic developments. There’s no green economy—it’s the economy. All the investments we make need to be made with climate change as a lens.” - Sue AnderBois, Climate & Energy Program Manager, The Nature Conservancy / Community Conversation Participant
EC4AB Priorities

• Act on Climate law implementation
• Opportunities in the Buildings Sector
• Gather input on dashboard to monitor progress
• Climate justice priorities and anti-racism training
