EC4 ADVISORY BOARD

REPORT TO EC4
SEPTEMBER 30, 2021
EC4 Advisory Board Membership

- Diane Williamson appointed by the Governor
- Rachel Calabro appointed by the Governor
- Sue Mara appointed by the Governor
- Amy Rainone appointed by the House
- David Caldwell Jr. appointed by the House
- Patrick Crowley appointed by the House
- Elizabeth Catucci appointment by the Senate
- Kenneth Filarski appointment by the Senate
- Pam Rubinoff appointment by the Senate
- Sheila Dormody appointment by the Senate

- 1 House vacancy, 2 Governor vacancies
EC4AB Priorities

• Act on Climate law implementation
• Update to the 2022 GHG Report
• Climate justice priorities and anti-racism training
• Connect with other state climate programs (Municipal Resilience Program, Tree Equity)
Conduct a gap analysis of statewide policies and programs

Prioritize and improve public engagement and input throughout development and decision-making process

Create or improve access to programs, resources and information

Mitigate and remove burdens from environmental justice communities
CLIMATE JUSTICE PRIORITIES REVIEW TIMELINE

December 2020
EC4 request EC4AB review of climate justice priorities outline

June 2021
EC4AB present initial findings to the EC4

September 2021
EC4AB present final findings and recommendations to EC4

Jan-June 2021
EC4AB review and stakeholder engagement

July-August 2021
Continue review, stakeholder engagement
Provide clear definitions, values, acknowledgements and principles

Prioritize this work with staffing and training

Meet people where they are

Proceed at the pace of trust

Address cumulative impacts

Address the representation gap on state boards and decision-making groups

Partner with community-based organizations and compensate them

Move toward collaborative governance with environmental justice communities
Findings

The EC4AB supports the proposed climate justice priorities.

The EC4 should designate staff to continue to develop the priorities by partnering with frontline communities.

Frontline communities should have the final say determining the next steps in adopting the climate justice priorities and be a compensated partner in moving them forward.

Leverage federal funding for workforce development that will advance climate justice.
Recommended Actions

- Finalize the Climate Justice Priorities
- Expand State Capacity to Advance Climate Justice
- Integrate Climate Justice Across State Functions
- Develop and Expand State Partnerships
## Finalize the Climate Justice Priorities

1. Engage with residents of environmental justice areas and with relevant community-led organizations to vet the climate justice priorities.

2. Articulate the values and principles that the State is trying to achieve through the priorities.

3. Compensate community partners for the expertise they will provide.

4. Follow the Platinum Rule: Treat others the way they want to be treated.

5. Advance the implementation of the priorities while continuing to integrate the community response.
### Finalize the Climate Justice Priorities

6. Allow time to build effective, trusting partnerships.

7. Map existing environmental justice areas of Rhode Island.

8. Provide clear definitions of key terms including environmental justice and climate justice.

9. Create a framework acknowledging past and current harms to frontline communities.

10. Review the Spectrum of Community Engagement (slide 13) and establish goals and strategies for state action.
### Expand State Capacity to Advance Climate Justice

11. Hire and assign staff, and contract with community-based consultants and organizations, to center marginalized communities most affected by climate injustice in decision making, policies and practices.

12. Provide training for staff to apply climate justice principles in all areas of work.

13. Develop an open and transparent process for candidates to appoint to boards and commissions with diverse backgrounds.

14. Identify and address barriers to participation in public meetings for board members and public participants.

15. Leverage federal funding opportunity to invest in community-led solutions that advance climate justice.
16. Review state programs to align and maximize their potential benefits toward climate justice. (Slide 14)

17. Expand the review of existing programs to include Workforce Development, RI Housing and others.

18. Analyze both gaps and potential connections of existing state programs to maximize the benefits.

19. Focus State climate change actions on community level solutions rather than depend on individual consumer actions.

20. Develop a curriculum for integrating climate change across all grade levels.

21. Account for cumulative impacts of environmental degradation and advance restoration in environmental justice areas.

## Impact

### Ignore
- Marginalization
  - Deny access to decision-making processes

### Inform
- Preparation or Placation
  - Provide the community with relevant information

### Consult
- Limited Voice or Tokenization
  - Gather input from the community

### Involve
- Voice
  - Ensure community needs and assets are integrated into process & inform planning

### Collaborate
- Delegated Power
  - Ensure community capacity to play a leadership role in decision-making and the implementation of decisions.

### Defer To
- Community Ownership
  - Foster democratic participation and equity through community-driven decision-making; Bridge divide between community & governance

## Message to Community

### Ignore
- Your voice, needs & interests do not matter

### Inform
- We will keep you informed

### Consult
- We care what you think

### Involve
- You are making us think, (and therefore act) differently about the issue

### Collaborate
- Your leadership and expertise are critical to how we address the issue

### Defer To
- It’s time to unlock collective power and capacity for transformative solutions

## Activities

### Ignore
- Closed door meeting
- Misinformation
- Systematic Disenfranchisement
- Voter suppression

### Inform
- Fact sheets
- Open Houses
- Presentations
- Community Forums
- Surveys

### Consult
- Public Comment
- Focus Groups
- Community Forums

### Involve
- Community organizing & advocacy
- Interactive workshops
- Polling
- Community forums
- Open Planning
- Forums with Citizen Polling

### Collaborate
- MOU’s with Community-based organizations
- Citizen advisory committees
- Collaborative Data Analysis
- Co-Design and Co-Implementation of Solutions

### Defer To
- Community-driven planning and governance
- Consensus building
- Participatory action research
- Participatory budgeting
- Cooperative models

| • Providence Port Green Justice Initiative  
• Climate Resilience Fund  
• Port of Providence Grant  
• RI Truck Count & Assessment Study  
• Air Toxics Community Scale Grant | • Transit Forward RI 2040  
• Title VI Equity Analysis for Service Changes  
• Electric Bus Pilot Program | • Municipal Resilience Program  
• Revolving loan fund programs  
• Stormwater Project Accelerator  
• Reduced interest for water projects in environmental justice communities | • Convert fleet to electric vehicles  
• Convert streetlights to energy efficient LEDs  
• Power roadside traffic monitoring devices with solar panels  
• Improve access for pedestrians, bicyclists in road improvement projects | • Tree Equity Program  
• Promote green infrastructure  
• Health Equity Zones  
• Track data with health equity measures  
• Use mapping and data to highlight social, environmental, and health inequities  
• Heat Watch Program | • Urban Coastal Greenways |

**Division of Statewide Planning**

- Moving Forward 2040 (includes Transit Forward 2040, Bicycle Mobility Plan, Congestion Management Plan; incorporates Environmental Justice Analysis)  
  - Mobility Innovation Working Group

**OER**

- Least Cost Procurement Standards  
- Meetings with community organizers  
- Low to Moderate Income Solar Working Group  
- NEED curriculum for efficiency, health, and equity  
- Energy Efficiency plans

**DPUC**

- Low-income rate discount program  
- Energy Efficiency Technical Working Group  
- Ratepayer Advisory Board  
- M/W/DBE utilization  
- Replace leak-prone gas pipes and older water lines
REFERENCE SLIDES
EC4 ORIGINAL DESCRIPTION OF RELATED GOALS TO CLIMATE JUSTICE PRIORITIES
Example related goals:

- Informed by community engagement
- Qualitative and quantitative comprehensive equity assessment of programs
- Include metrics (e.g., grant funds awarded to environmental justice communities)
- Define environmental justice and develop statewide environmental justice policy, defining environmental justice communities, benefits, and burdens (aligned with federal definitions/restrictions)
- What else?

Conduct a gap analysis of statewide policies and programs

A gap analysis is an examination of the space between "where we are" (the present state) and "where we want to be." By defining gaps, we can create a plan to address them.
Prioritize and improve public engagement throughout development and decision making

Example related goals:

• Compensate community members for their engagement

• Provide free child-care and/or transportation during community listening sessions and public input meetings

• Even after COVID, consider continuing to live stream public meetings and enable remote public comment

• Attend and present at community meetings and/or host workshops at community groups

• Hold regular environmental justice listening sessions with community members and leaders from our overburdened communities

• Engage advisory boards: RIPTA Passengers Advisory Board, TCI Equity Advisory Board, DPUC Ratepayer Advisory Board, National Grid/OER Income-Eligible Energy Efficiency Advisory Board, EC4 Advisory Board

• In EC4 annual report, include environmental justice section

• What else?
Example related goals:

- Analyze existing programs to promote increased access to environmental communities
- Coordinate across agencies to connect Rhode Islanders with comprehensive resources across state government (i.e. broad comprehensive resource document with personal contacts at state agencies; think about how we can plug resources into 211 and/or validate info)
- Create new initiatives that serve environmental justice communities
- Improve outreach and sharing information (includes ensuring all public documents and/or websites are translated); translation opportunities to provide public input (consider Google Translate resource or other state translation program)
- Short-term: secure stable translation services
- Expand translation opportunities to provide public input
- Improve public access and transportation to shores, parks, state offices
- Forge community partnerships with EJ communities
- Identify a climate justice point of contact at each agency
- Expand hours of operations
- Create a climate justice webpage on climatechange.ri.gov
- Educating people about channels for involvement and engagement
- What else?

Improve access to programs, resources, and information
Mitigate and remove burdens from Environmental Justice communities

Example related goals:

• Identify burdens for environmental justice communities

• Consider unique needs of environmental justice communities in statewide grant programs

• Create new programs specifically targeted to serve environmental justice communities

• Reduce local emissions in environmental justice communities

• Create maps of environmental justice areas

• Address cost inequities in services

• Screen new initiatives through an environmental justice lens

• Coordinate efforts with our Health Equity Zones (HEZs)

• What else?
